## MAP OF DEDICATION SUBMITTAL GUIDELINES

Map of Dedication: A map of dedication (MOD) combines the metes and bounds legal descriptions and exhibits of public dedications and private easements into a single document. MOD is processed in conjunction with subdivision, and/or a PUD review, site plan review, or for other land use actions the Community Development Director determines a MOD is appropriate and in the following categories:

- A. Type III process for actions requiring Ridgefield City Council approval, such as a PUD/subdivision review
- B. Type II process if the MOD does not require City Council and is in conjunction with a pending Type II review, such as a site plan review, and
- C. Type I process if the MOD relates to dedication, easement, covenant or similar restriction that is not associated with a pending Type II or Type II review.

Map of Dedication may be used to dedicate land to the public for the purpose of roadway, drainage, flood control, utility line, emergency or service vehicle access, parks, critical areas, or other public use. A map of dedication may also secure easement rights for private purposes, including, but not limited to, trail, open space, parks, and storm pond. The City may also require a covenant that runs with the land to ensure the construction and maintenance of private improvements identified on the map of dedication. The map of dedication shall include a note describing the timing of payment or construction of the required public or private facilities or improvements. The map of dedication shall also include a note indicating the Grantors proportionate share of the required public or private facilities or improvements.

### Submittal Requirements:

1. One 24-inch by 36-inch copy of the map of dedication to the city for review.

6. If a deed of trust, mortgage, or property interest agreement encumbers any of the property, the lender must ratify (consent to and approve) the map. The ratification must reference the date the lien was recorded and the docket and page in which the instrument was recorded by the Clark County Recorder's office (see the Map of Dedication Example).
