ESTIMATED FEE FOR INSTALLATION: _____

By signing below, I acknowledge that all requirements have been met for the water service line installation at the above referenced site address. I understand that the requested water service line location and installation date may change after inspection by City staff and that all requests are processed according to date of receipt. Actual fee will be determined and shall be based on the City's actual cost to install the water service connection line, including the connection to the main, the service line, the meter setter, excavation, and restoration of any streets, sidewalks, curbing, trees, etc. as determined by the City.
